

# MSSC COMMITTEE

The AmCham China MSSC (Manufacturing, Sourcing, Supply Chain and Customs) Committee looks after the Chamber's largest membership segment from the Manufacturing sector and associated industries. The MSSC Committee's 2022 strategic plan is grouped around three types of activities: Advocacy, Business, and Community (ABCs).

## Committee Priorities:

Advocacy-Medium

Business-High (information sharing)

Community-Low (networking)

## MISSION

To share and discuss cross-sector business and policy issues to get smarter about the industry;

To improve the policy environment in ways that benefit both the industry and members;

To strengthen closer communication and cooperation for the broader manufacturing space between the US and China.

## MAIN ACTIVITIES

Machinery/Manufacturing Chapter, Customs and Trade Chapter, and Express Delivery Chapter (drafted by Committee members) in annual AmCham China *White Paper*.

*White Paper* Delivery Meeting with the central government agencies – NDRC 发改委, MOFCOM 商务部, MIIT 工业和信息化部, MEE 生态环境部, GACC 海关总署.

Call-for-Comments helps members deliver their messages, suggestions and feedback to the central government for new policies and regulations

Debriefing Events (Closed-door) - invite industry experts and officials to debrief new policies and hot issues for members

Member Delegation Visits to provincial governments for direct exchange of ideas on specific issues

Regular meetings and events focused on issues important to Committee member companies

## LEADERSHIP

Co-Chair:

**Craig Abler**, Boeing

Co-Chair:

**Jonathan Kendrick**,  
Pacific Resources  
International (PRI)

Co-Chair:

**Jiang Yu**, Emerson

## MEMBER PROFILE

Among our **129** member companies from the Manufacturing sector, over **100** are in the MSSC Committee.

In total, more than **300** individuals participate in the MSSC Committee.

## 2022 COMMITTEE STRATEGIC FOCUS

Advocacy (A)	Business (B)	Community (C)
Medium Priority	High Priority	Low Priority
<p><b>Government Access:</b></p> <p>Advocacy to central government regulators on areas where members have common needs</p>	<p><b>Information Sharing:</b></p> <p>Understand how innovation and transformation is taking place in the broader manufacturing space, with regard to potential global supply chain restructuring</p>	<p><b>Events:</b></p> <p>Welcome Mixer at the beginning of the year. At least two community-oriented events in partnership with other Chambers or industry associations</p>

**Partnerships:** To grow Committee membership and expand businesses interactions, we hope to cooperate with major chambers/associations such as the **EU Chamber, German Chamber, China Petroleum and Chemical Industry Federation, the Association of Equipment Manufacturers (US), National Association of Manufacturers (US) and the VDMA Mechanical Engineering Industry Association (Europe)** where possible. We will also build relationships with government think tanks and member consulting firms with expertise in Manufacturing, Supply Chain and Logistics, as well as PE and VC member firms focused on this space.
