

ENERGY COMMITTEE

The **Energy Committee** is dedicated to helping members involved in clean fuel, CCUS, hydrogen, storage safety, LNG, oil and gas, renewable energy and green power, energy digitalization, low carbon city (green building, DECHP, clean transportation, green zero park etc.) providing a platform for interaction, discussion, research, and exploration of relevant issues. The Committee's 2023 strategic plan is organized around three types of activities: *Advocacy, Business, and Community* (ABCs).

Committee Priorities:

Advocacy-Medium

Business-High (information sharing)

Community-High (networking)

Mission

- To share and discuss energy sector business and policy issues to get smarter about the industry;
- To improve the policy environment in ways that benefit both the industry and members;
- To strengthen closer communication and international cooperation for the energy sector.

Main Activities

- Industry networking/working meetings
- Subnational business outreach
- Industry conference and forums

Past Activities

Energy TECH Briefing Series II, Clean Fuel

Energy Transition Roundtable Series-Global Energy Transition & China's New Power System

ShaanXi CCUS project roundtable

Energy & Climate Training Series, Petrochemical Industry Opportunities and Challenges under Dual Carbon Goal

10th Asia Downstream Technology & Market Conference

International Forum on Fire Rescue Technology and Comprehensive Specialized Equipment

Energy and Charity Run

Leadership

Co-Chair:
Sue WANG,
Honeywell

Co-Chair:
Grace CHEN,
Aspentech
