

# EXPORT COMPLIANCE WORKING GROUP (ECWG)

Since its inception in 2006, the **ECWG** has worked to adapt to the constantly changing trade environment by embracing a more compliance-oriented focus on important export licensing decision-making and deepening industry understanding of Chinese trade and trade related controls. The Group's work includes offering guidance on Chinese national and regional government approaches to trade related controls and assisting US businesses with understanding and navigating the complexities of US-China trade and trade related laws.

**Priorities:**

Advocacy-**Medium**

Business-**High** (information sharing)

Community-**Medium** (networking)

## Mission

To improve US-China cooperation on export controls, create business-friendly export control regulations, and facilitate a mutually beneficial export control environment that enhances global trade cooperation while promoting a security and compliance culture within the trade community in China.

## Main Activities

Outreach to China and US policymakers to advocate members' business;

Development and training course to advance members' knowledge and skill sets in export control.

Monthly meeting to update trade issues, export compliance and regulations;

## Leadership

*Co-Chair:*

**Ken Nichol,**  
Gulfstream Aerospace

*Co-Chair:*

**Joan Pan,**  
Hewlett Packard  
Enterprise

## Member Profile

We have over 20 member companies that are prominent in their respective fields including **hi-tech**, **semiconductors** and **aviation** industries.

## 2023 Committee Strategic Focus

<b>Advocacy (A)</b> Medium Priority	<b>Business (B)</b> High Priority	<b>Community (C)</b> Medium Priority
<p>Advocate on behalf of the ECWG membership with relevant US and Chinese trade regulatory agencies.</p>	<p>Process trade related regulatory information, provide timely feedback, and engage with the US and Chinese governments on export control related issues to help refine export control policy.</p> <p>Provide training, communication, and analysis to ECWG members on trade issues, compliance, and regulations.</p>	<p>Engage with ECWG membership and relevant US and Chinese trade regulatory agencies to adopt international export control best practices.</p>
