

CENTRAL CHINA CHAPTER'S EDUCATION COMMITTEE

The education committee welcomes all members to join, and work together for the chapter's development. The Education Committee's 2024 strategic plan is grouped around three types of activities: *Advocacy, Business, and Community (ABCs)*.

Priorities:

Advocacy-Low

Business-Medium (information sharing)

Community-Low (networking)

Mission

To foster collaboration and understanding, serving the city of Wuhan and our members by advocating for the common interests of international schools and programs.

Vision

To help develop a robust ecosystem for international education in order to assist in attracting top talent and investment to Wuhan, Hubei, and central China while preparing students to lead and thrive in an increasingly interconnected and diverse world.

Main Activities

Offering school tours in Wuhan International Schools and have better understanding of how member school is operating.

Strengthen the local advocacy with local education bureau and related government departments by regular visiting and meetings.

Past Activities
