

## POLICY COMMITTEE

The **Policy Committee** brings together policy experts from a wide variety of industries and sectors across the AmCham China membership for meetings, expert presentations, roundtables, and panel discussions on the current policy environment for American and foreign business in China.

The activities of the Committee aid in identifying cross-cutting issues of importance to all AmCham China members and help determine how best to advocate on behalf of members' interests to the US and Chinese governments. The Committee helps establish AmCham China's annual Policy Priorities and plays an instrumental role in the development of the annual *American Business in China White Paper*.

### Committee Priorities:

Advocacy-High

Business-Medium (information sharing)

Community-Low (networking)

## Mission

Led by seasoned China experts, the Committee advocates for greater market access, reduction of trade impediments, and ongoing high-level government engagement among other priorities.

## Flagship Activities

***American Business in China White Paper*** – held in-person and virtually, join our Policy Committee Co-Chairs and AmCham China leadership to contribute to our *American Business in China White Paper*. Across 35+ industry-specific, market access, and regional chapters, the *White Paper* aims to give a strong voice to our member organizations' interests, objectives, and commercial needs.

**Policy Priorities Townhall** – to better understand our member companies' concerns and pressing issues, our annual Policy Priorities Townhall provides attendees an opportunity to share perspectives and drive our Policy Priorities.

**Policy Readouts** – our Policy Readouts provide members with expert insights and analysis into the latest policy developments arising from the US and China.

## 2025 Committee Strategic Focus

Advocacy (A)	Business (B)	Community (C)
High Priority	Medium Priority	Low Priority
Through the Chamber's annual <i>American Business in China White Paper</i> , we advocate among officials at senior levels of the US and Chinese governments to advance the interests of member companies.	Through in-person policy readouts and Committee-led initiatives such as our annual Policy Priorities Townhall, we deepen understanding and share business best practices.	While AmCham China hosts more than 300 events across Beijing and our four regional chapters each year, the Policy Committee is light on social events.
